#### Webmaster Report

- Spam filters enacted to ceased robot addresses from being added to the mailing list
- Mailing list purged of all robot/spam addresses, current newsletter/Email delivery to 1617 users as of November 28/13
- Multiple event registrant feature added
- Continue paid management service with Silentblast Interactive, which has greatly improving improved update turnaround time.

#### General Programs Report

- Continued strong support from our plaque sponsors
- A number of very successful general calendar events
- Strong Educational Committee – Scholarship programs continued with increased engagement with colleges
- Successful Golf Tournament, sold out again and \$1,000 donated to the Cops for Cancer
- Successful Law Enforcement and Security Practitioner Awards, partnered with CANASA to host it at the Security Canada Central Conference. Suggestions made for 2014 to amend the program to further engage the private security sector via nominations, participation and attendance.
- Continuation of the ASIS Toronto Young Professionals Program

#### Certification Programs

- Successful spring review class with 25 CPP, 9 PSP and 3 PCI students, however fall classes were cancelled due to low registrations. Going forward, Humber college has offered their space for 2014, where a change of venue could help to generate new interest and will be reviewed as an option.

#### Best Practices Seminar

- Attendance was over 100 registrants
- 2014 - Date set for April 23 – Markham Event Centre
- Call for speakers will start in December 2013. Suggestion made to allow submission to enter fee schedule, as past experiences have proven this greatly increases submissions.
- Same format as last year will be followed for 2014

#### ASIS International Programs

- ASIS International brought three events to Toronto in July, namely: Executive Protection, Managing Your Physical Security Program and Advanced Topics and Security Program Design: A Critical Infrastructure Protection Model.

#### Education Report

- The Security Scholarship Program was officially recognized by ASIS International Foundation as a 'Best Practice' for all chapters to adopt
- One additional entrance scholarship one additional entrance bursary were added this year

#### Mentorship Program:

- Launched the mentorship program, where industry leaders will provide mentorship to students at Durham & Humber Colleges.

#### Security Career Expo:

- Partnered with Canadian Security at the inaugural 2013 Security Career Expo, which is geared at new interest to our industry and reaching today's young professionals about career and certification.

#### ASIS Toronto Chapter 2014 Goals:

- Increase chapter event participation by reaching beyond the norms of generic industry speakers and topics with dynamic events, which will in turn increase participation from other industries and added value to existing plaque sponsors and the membership as a whole.
- Increase security awareness in the industry by planning and promoting security events.
- Reengage the colleges with Student memberships to better promote Young Professionals.
- Refresh and update the chapter documents page on the website to reflect the current date/year.

**ASIS Toronto Chapter 193 Election Results:**
